

```
1  #include<stdio.h>
2  int main(){
3      printf("using while loop:\n");
4      int i=1;
5      while(i<=10)
6      {
7          printf("%d",i);
8          i++;
9      }
10     printf("\n");
11     return 0;
12 }
```

main.c

Output

```
using while loop:
```

```
12345678910
```

```
